

What began by the shore,
now find its view

The island has grown from a quiet coastal escape into a living destination, shaped by connection, design, and light. Here, life unfolds in balance, between city pace and island calm, between movement and stillness.

Set along Mina’s central boulevard, Nura is the first residential address to rise at its heart; marking the island’s evolution from coastal retreat to city. Retails & F&B on the ground floor bring everyday convenience and vibrant social energy. Within walking distance to Downtown Harbour and Mina Marina, residents enjoy seamless access to waterfront life, while being adjacent to a community park and a landscaped park invites greenery, tranquility, and an atmosphere of relaxed living.
