“NEW PROJECTS RELATED TO LIVING FASCINATE ME BECAUSE I CAN BRING THE WAY OF THINKING OF HAUTE COUTURE, THAT IS, THE USE OF PRECIOUS MATERIALS AND UNIQUE, TAILORED CREATIONS, INTO THE SPACE WHERE WE LIVE.”

GIORGIO ARMANI

Life, in Unmistakable Style

To live within an Armani residence is to embrace a world defined by proportion and grace. These are not simply homes but rare expressions of a philosophy that has shaped fashion, interiors and now architecture. On the shores of Raha Island, that vision finds its purest form – the world's first Armani-branded beach villas alongside luxurious apartments and penthouses. Each one, composed with Italian provenance and Eastern motifs, bears the unmistakable signature of Giorgio Armani. Timeless, enduring and destined to remain one of a kind.

For more than fifty years, Giorgio Armani has defined the language of Haute Couture: effortless and immaculate. Armani Beach Residences embody that mastery and mark a milestone in the fashion house's history, where precious materials and tailored precision are carried into the spaces we call home. Created in collaboration with RAK Properties, these residences represent a singular chapter in design – the first villas ever conceived by Giorgio Armani.

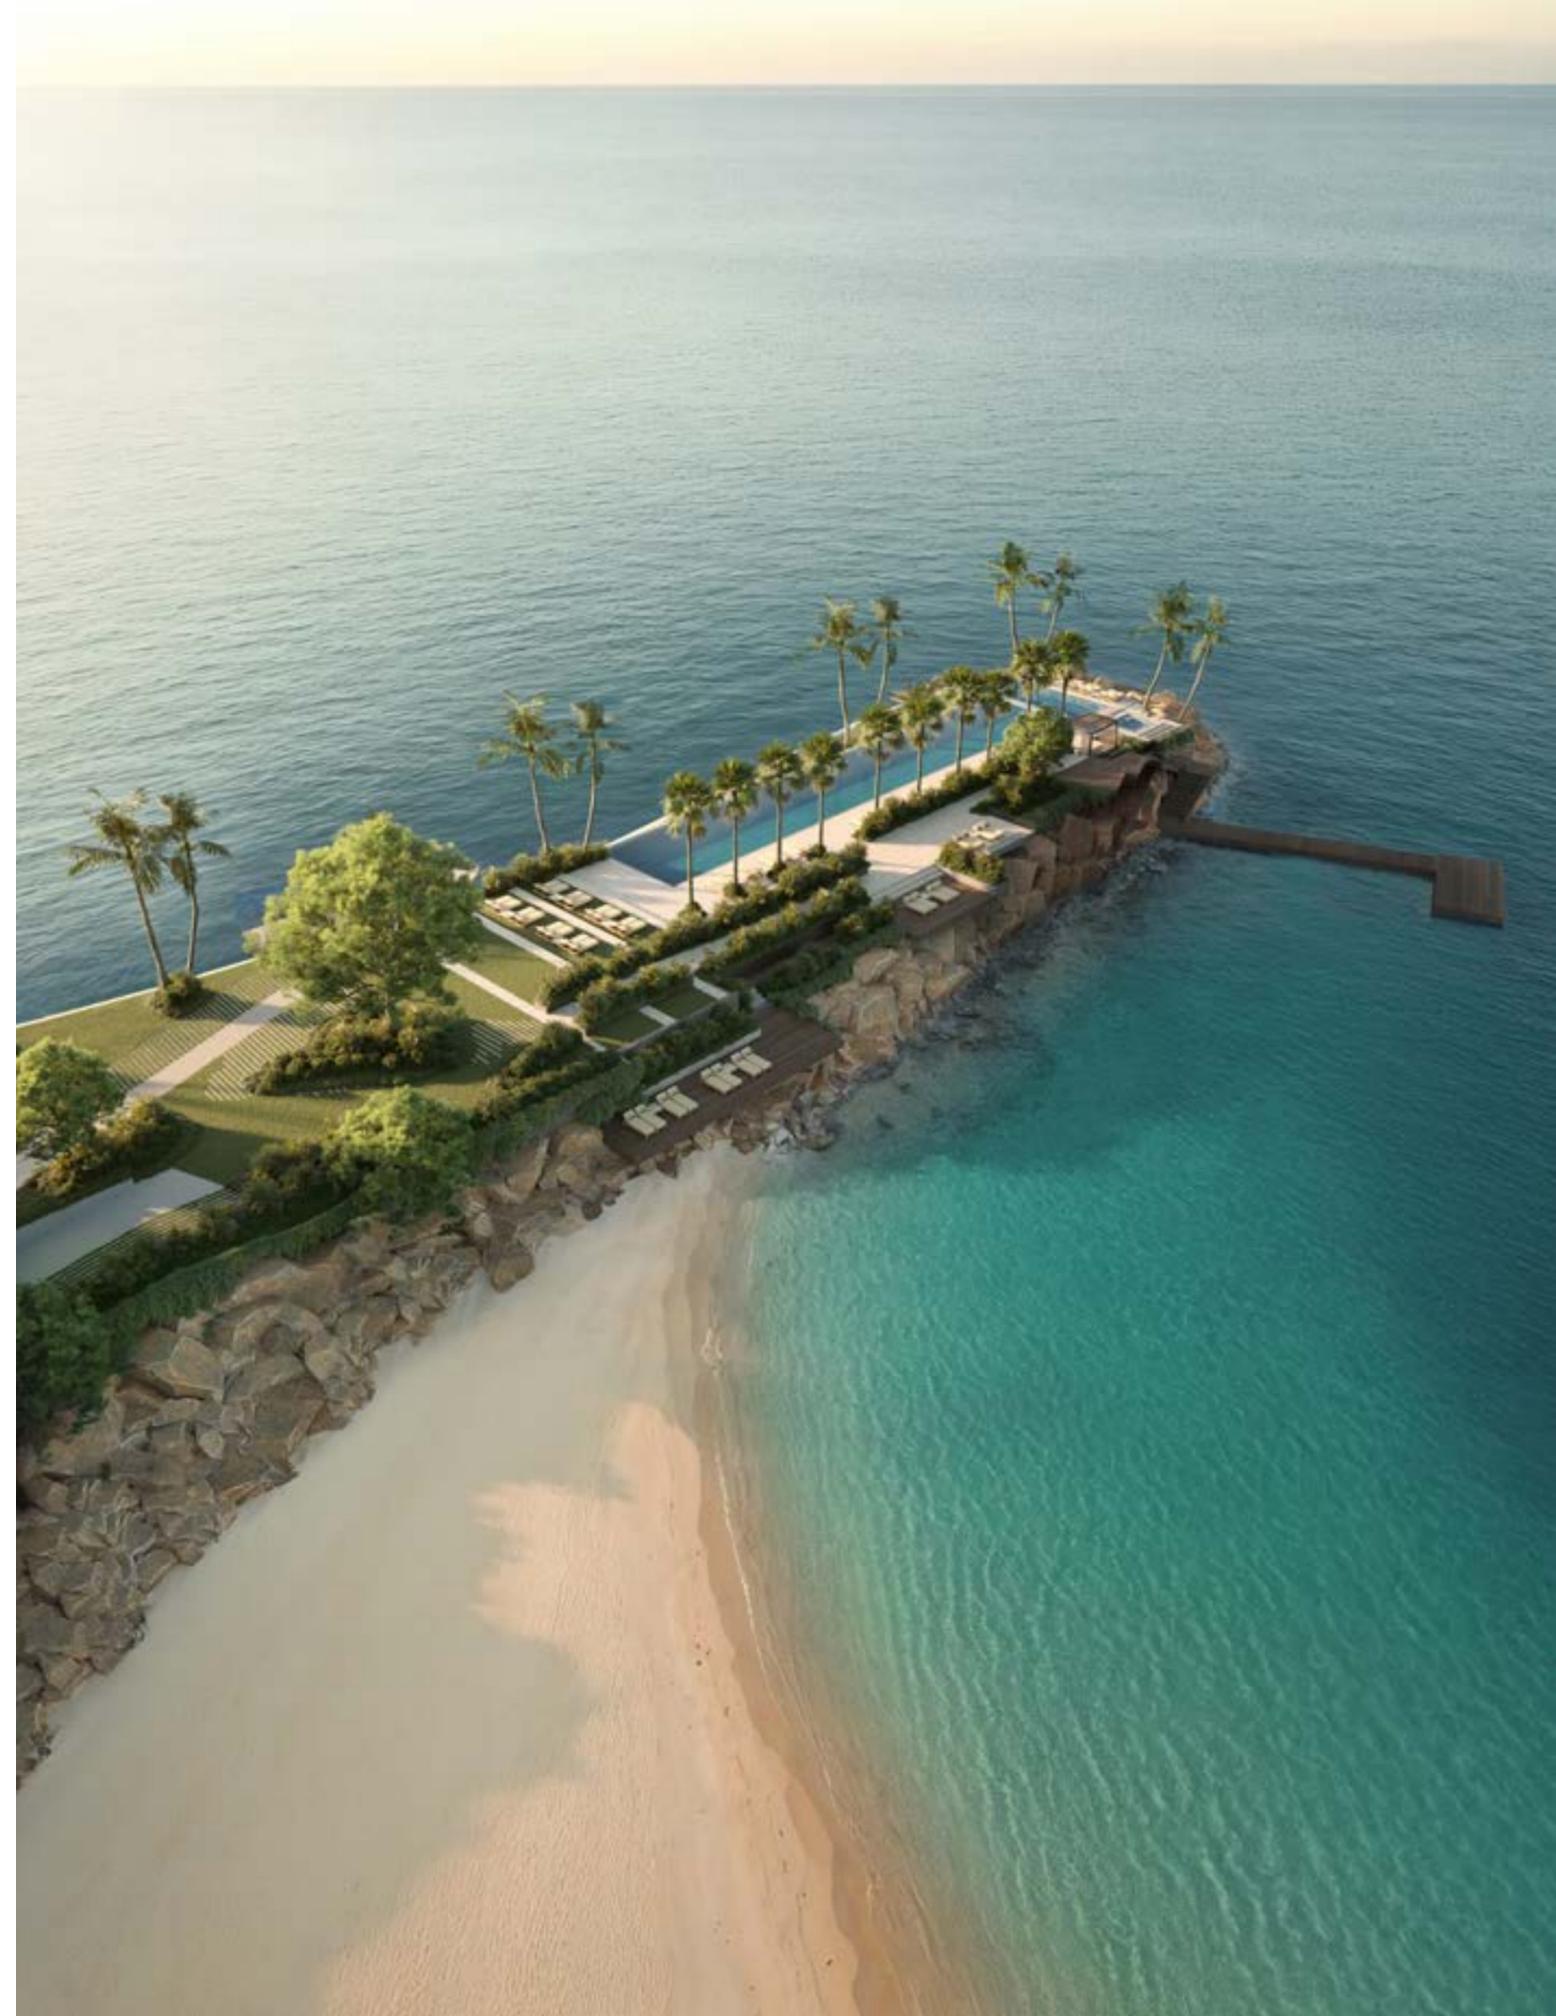

The First Villas Ever Conceived by Armani

ARMANI
Beach Residences
Ras Al Khaimah

The architecture is conceived as a continuous flow – one level unfolding effortlessly into the next, each space opening towards clear sapphire waters. Panoramic views of the Arabian Gulf extend endlessly from private terraces and shared spaces alike, echoing the beauty of Giorgio Armani's own summer retreats. Soft lines, layered volumes and natural textures move in harmony, attuned to light, air and the calm hush of the sea. The result is precious – pure yet grand – a place at once intimate and infinite.

A Cascade of Pure Lines and Panoramic Views

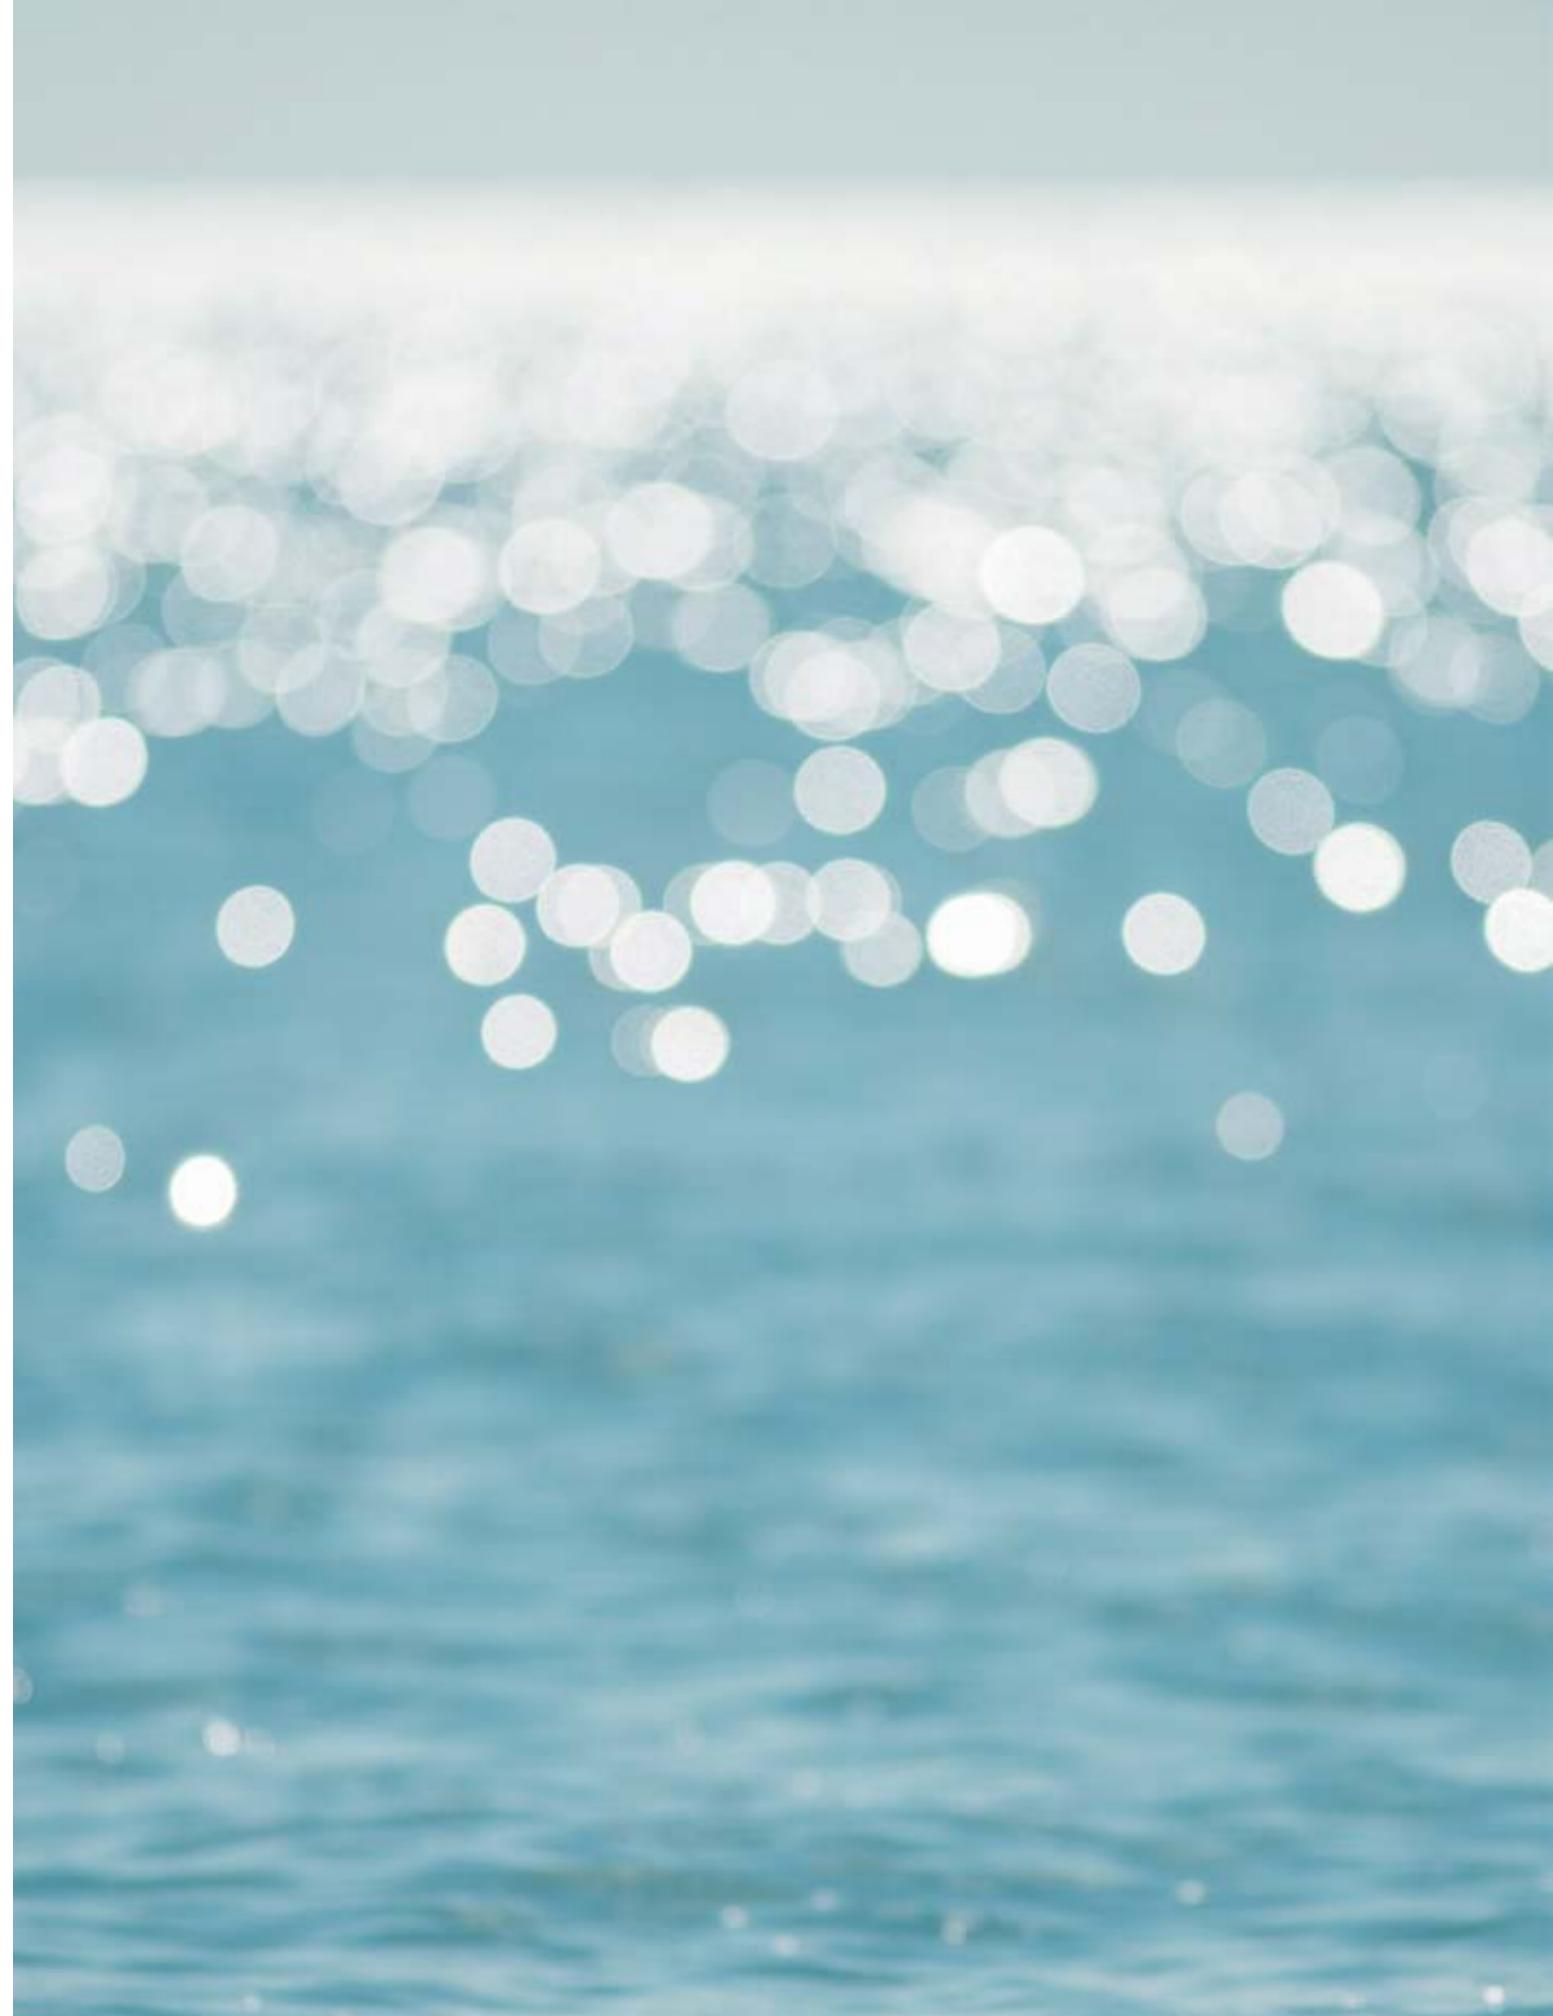

Ras Al Khaimah is an emirate where nature remains ever-present – mountains, desert and sea meeting in perfect balance. Long treasured for its tranquillity and natural splendour, it is now taking its place among the region's most distinguished destinations.

Armani Beach Residences rise on Raha Island within Mina, a waterfront setting defined by sea, sand and the gentle presence of mangroves. This is Ras Al Khaimah at its most natural and abundant, a landscape rich with water and light, where privacy and connection exist in equal measure. Marinas, boulevards, fine dining and resorts – every detail lies within reach, yet always held within the calm expanse of this secluded island escape.

A Landscape Rich with Water and Light

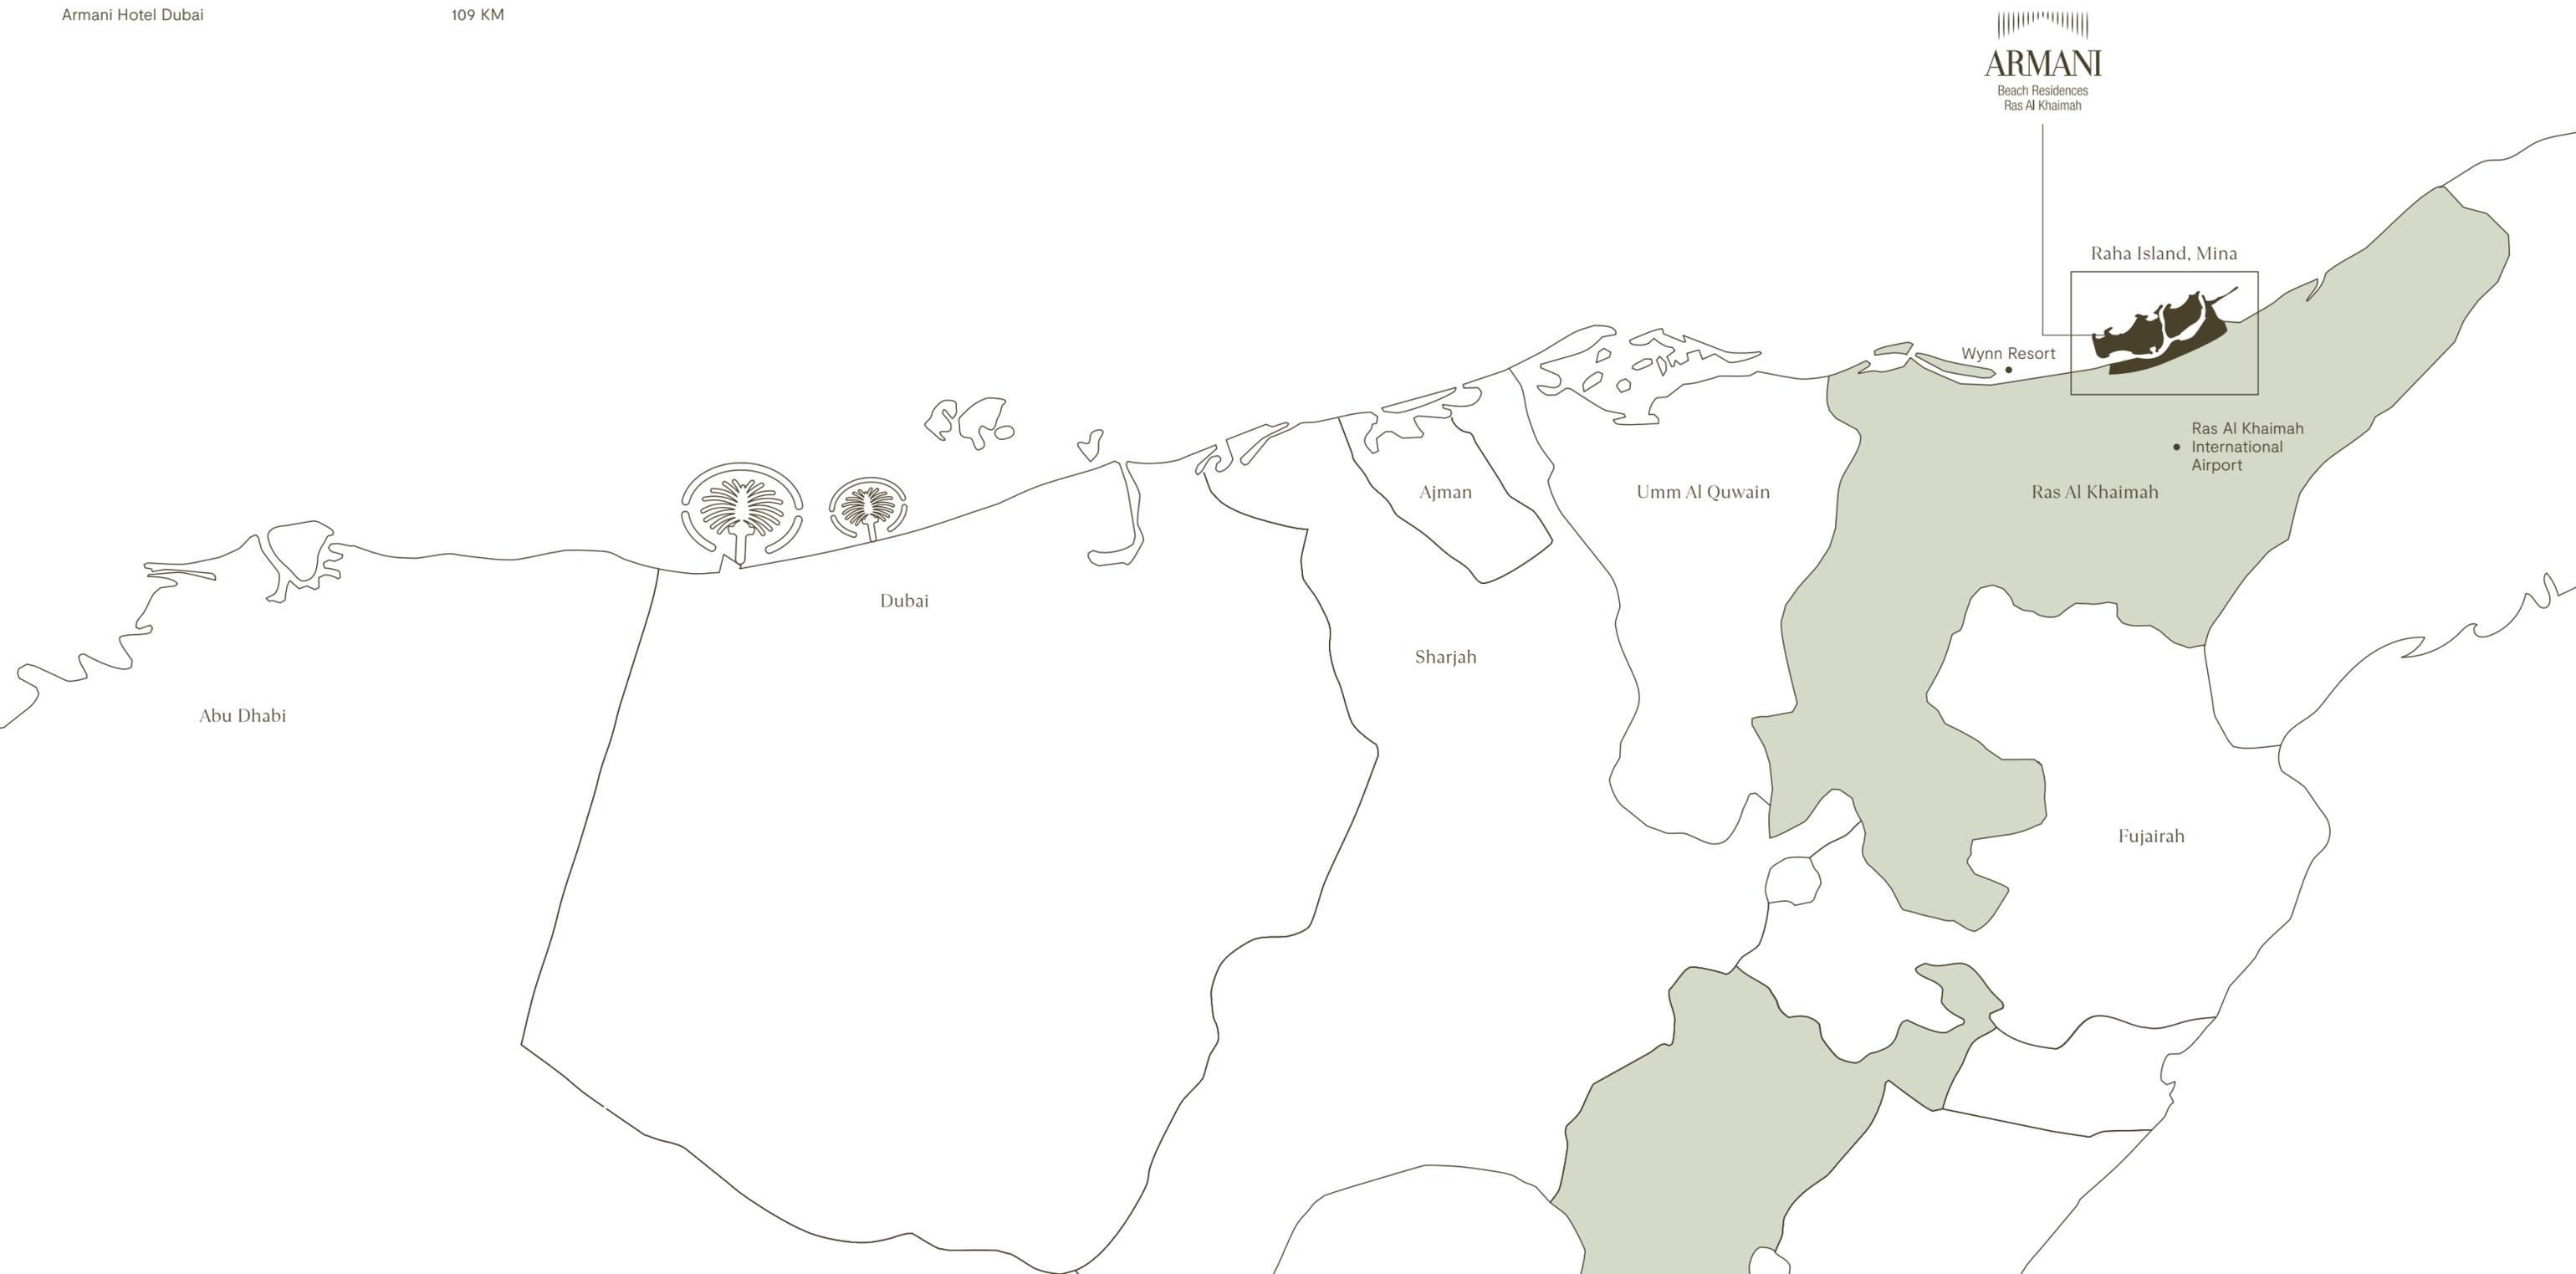

Armani Beach Residences rise within Mina on Raha Island, perfectly positioned to offer direct access throughout the UAE, from RAK International Airport to Dubai International Airport and Abu Dhabi. The island's setting balances privacy and natural connectivity, allowing residents to move easily between coastlines, cities and landmarks across the region.

Beyond the Essentials

For further ease, à la carte services cover additional needs. An Armani Beach Residences branded Rolls-Royce with a private driver ensures arrival with distinction. Discreet wellness consulting is available through contracted services, while personal fitness trainers bring expertise directly into the home.

Connections beyond the island flow naturally – from yacht berths in adjoining marinas to boat links with the Wynn Hotel, helicopter transfers for regional exploration and limousine or water taxi services that open the wider Gulf to discovery. Pet sitting and grooming services ensure companions are cared for with the same attention as their owners. From laundry and dry cleaning to bespoke furniture selection, every service is delivered with discretion.

Within each residence, interiors by Armani/Casa reflect sophisticated simplicity. Every line is precise, every finish immaculate. Materials are chosen to unite Italian craftsmanship with the quiet calm of the Gulf, lending depth and authenticity to every room. Beyond the interiors, gardens and outdoor settings are shaped with equal care, envisioned as graceful continuations of the home. Together, they create a setting of lasting distinction, designed to endure.

A Rare Privacy, A Luminous Life

The Residences

Set along the water's edge, Armani Beach Residences bring a subtle grandeur to the coastline. Their lines are textured, their proportions confident, shaped to let light move freely through every space. Terraces extend outward, carried on air and drawn to the sea, as if the architecture itself were suspended above the shore.

Life follows the tide. Morning arrives in luminous clarity, evenings soften into a golden glow. Interiors invite both gathering and retreat, held between intimacy and expanse.

Thirty homes are arranged across two wings: two and three bedroom residences, with four bedroom penthouses above. Pools, private decks and secluded entrances lend a rare sense of privacy – perfected through Armani/Casa.

The Villas

A vision carried to the shoreline for the very first time. These forty-one sanctuaries open a new chapter – the first villas ever created by Armani and Armani/Casa.

Life moves perfectly as the indoors and outdoors flow as one. Gardens shape private worlds of calm, terraces breathe with the air of the coast, water glimmers in pools that catch the changing light. Along the beach, stone and glass feel as though they have always belonged, while those further inland are raised by rooftops that frame the breadth of shoreline.

Distinct in presence, yet bound by a shared essence, they embody a singular truth – to live here is to experience rarity as a way of life.

The Armani Group

Founded in 1975 by Giorgio Armani, the Armani Group has grown into one of the world's most influential names in fashion and luxury. What began as a singular vision of elegance now extends across every sphere of lifestyle – from Haute Couture and accessories to interiors, fragrance, dining and hospitality. Through decades of evolution, its philosophy has remained constant: proportion, restraint and distinction. Every creation bears the unmistakable mark of Armani.

Anantara Residences, Ras Al Khaimah

Armani/Casa

Launched in 2000, the Armani/Casa aesthetic philosophy focuses on simple lines and perfect proportions, enriched by precious materials, refined finishes and elegant textiles. The design studio works on select residential and yacht projects globally, collaborating from concept through completion to create bespoke furniture, integrated lighting and full interior schemes. Each element combines different inspirations and design codes to form a sophisticated atmosphere.

RAK Properties

Established in 2005 under the vision of His Highness Sheikh Saud Bin Saqr Al Qasimi, Ruler of Ras Al Khaimah, RAK Properties is one of the UAE's leading real estate developers. Its communities are distinguished by their balance of contemporary living, sustainability and connection to nature. Today, RAK Properties holds significance in realising RAK Vision 2030, shaping destinations that enhance lives, enrich environments and add lasting value to the emirate's story of growth and prosperity.

DesignLab

Founded in 2016, DesignLab was established by three partners whose shared experience includes hospitality, design and travel. Based between Dubai, Europe and Asia, the studio creates luxury projects shaped by a deep sensitivity to their setting and cultural context. Each commission unfolds as a distinct narrative where vision and craftsmanship form spaces of refined, contemporary elegance. DesignLab collaborates with leading global brands to deliver meaningful, memorable environments that embody a true sense of place and experience.

S.I.E. Group

Founded in 1964, S.I.E. Group began its journey in West Africa, delivering major infrastructure, civil and industrial developments. Today, the company operates globally with a diversified investment portfolio across five core sectors: real estate, construction, quarry and mining, engineering consultancy and environmental services.

For more than thirty years, the Group has realised distinguished luxury residential projects through select, long-standing partnerships. Each initiative reflects a precise balance of innovation, craftsmanship and enduring quality – shaping environments defined by sophistication and purpose.
