

Who Is MAAM GROUP

MAAM Group is an Abu Dhabi-based real estate company that builds, manages, and operates residential, commercial, and mixed-use assets across the emirate's most connected districts. Founded in 2005, the Group has grown from a single-project developer into a diversified real estate platform with over 20 years of delivery experience and a portfolio spanning property development, management, facilities operations, and design consulting.

What sets MAAM apart is a "total value" approach – from concept and construction to ongoing management and care – ensuring lasting quality and confidence for every homeowner, tenant, and investor.

WHAT MAAM GROUP DOES

Property Development

Master-planned communities, residential towers, and mixed-use projects across Abu Dhabi's prime locations.

Property Management

Full lifecycle operations, tenant services, and community management for residential and commercial assets.

Facilities Management

Hard and soft FM, preventive maintenance, sustainability solutions, and 24/7 operational support.

Design & Engineering Consulting

Architectural and engineering advisory services tailored to real estate projects.

Fitness & Wellness Operations

Community gyms, sports facilities, and lifestyle programming integrated into residential environments.

WHERE MAAM GROUP BUILDS

MAAM Group focuses on Abu Dhabi's most in-demand and well-connected neighborhoods – areas with strong infrastructure, established communities, and proven long-term value.
